

## PROFILE

I started coding out of interest over a year ago. During this time, I got to know HTML, CSS, JavaScript and React, but I'm still learning. Now I have started to think seriously about the career of a Frontend Developer and I have a plan to start my IT studies from this year.

## LANGUAGES

ENGLISH - B2

## HOBBIES

Homebrewing beer  
Specialty coffee

# MACIEJ WALECKI

Junior Frontend Developer

## PROJECTS

---

### Cocktails App

Web app where you can search for a specific cocktail and check its recipe. I've made it using React and free REST API from the internet. This app was entirely designed by me. You can see it [here](#).

### Rock, Paper, Scissors

Web app that is a copy of the classic game of rock, paper, scissors. This is one of the Frontend Mentor challenges completed by me. You can see it [here](#).

## SKILLS

---

- ✓ HTML5
- ✓ CSS3, SASS, styled-components
- ✓ JavaScript, TypeScript
- ✓ React, react-hooks, react-router

## EDUCATION

---

### Gastronomy and Hotel Management

10.2019 – 01.2022

Warsaw University of Life Sciences (SGGW)

---
